

Neuter and Vaccinate Your Cat for \$25

On **Monday, May 7**, the SNYPP Clinic will be neutering and vaccinating 25 male cats for a cost to clients of \$25. SNYPP welcomes pet owners from all **Rhode Island** communities to participate. This event is intended to help people in need of financial assistance. The SNYPP Clinic is dedicated to helping pet owners and the pets they love receive affordable, professional veterinary care.

Why neuter your cat?

- He will stop urine spraying around your home.
You save your home from that awful smell.
- He will have less interest in fighting with other cats.
You save money on vet bills.
- He will help solve the cat over-population problem by not being a dad.
You save cats from suffering and euthanasia.

Our address is: SNYPP Clinic, 9 Church Street, Pascoag, RI 02859

Please call the office for an appointment: 401-568-3223.
